→ Grid Puzzle

One of the most popular word puzzles from print media now comes to your mobile - the Grid Puzzle! Perfect for puzzle freaks of the mobile generation! A selection of words has to be sorted into an empty grid. Sounds easy but can be quite tricky - especially when time is running!

- More than 20 years of experience in the puzzle business
- High quality content created by professional puzzle generator software
- Unique solution for every puzzle
- Part of a themed game series called "Puzzle Classics"
- Ergonomically styled and sized user interface
- Integrated auto correct feature
- Haptic vibration feedback
- Support for a wide range of mobile handsets
